## Summer Holiday Homework 2017 - 2018

### Class 4

#### Dear Children

Its vacation time again! We are sure that you must be having a good time. You must have started making plans to visit your grandparents, relatives and friends, going for a morning walk, taking a dip in the swimming pool and joining some activity classes with your friends.

We wish that you enjoy every minute of this long break with your family and friends. It will be great if you are able to find time to visit museums and monuments, learn new things, explore new areas near your house, help your elders and read as many story books as you can, during your long summer break.

We are giving you a variety of interesting activities which you can do. Do them neatly and submit the work to us after the vacation. Few practice worksheets have been included for each subject. Do them under the supervision of your parents.

Wishing all of you a very enjoyable and fun packed summer break!!

Love

Teachers

# ENGLISH

“Books are the quietest and most constant friends; they are the most accessible and wisest of counsellors and the most patient of teachers.”- Charles W. Eliot.

- Reading makes you smarter as it keeps the brain active and engaged in a thought process.
- It makes you knowledgeable.
- It improves your vocabulary and language skills.
- It boosts your creativity as you imagine things while reading.

These are just a few reasons for you to start reading. So, Happy Reading!!

Read these two books by Roald Dahl

## **1. Charlie and the Chocolate Factory**

## **2. The BFG**

The following two activities are based on these books.

### **Activity I: Draw and Tell**

Draw a picture of your favourite character on an A4 size pastel sheet.

Mention the name of the character, the book, author and write a paragraph on him/her.

Describe your favourite character and also state why you found her/him to be the best.

### **Activity 2: My Dictionary**

Create your own ‘Dictionary’ with twenty new VERBS that you come across while reading the books.

Remember that a dictionary is a storehouse of information and the list of the words are always arranged in alphabetical order and explain what they mean.

- So, create the dictionary using A4 coloured sheets.
- Arrange the verbs in alphabetical order.
- Write each new verb in it along with its dictionary meaning.
- Make an interesting sentence using the new ‘verb’.
- Then write the past tense of the verb.
- You can have two verbs on one page.

**Note : Both the activities mentioned above should be brought to school on 3<sup>rd</sup> July, the day school reopens after the summer holidays.**

# EVS CLASS IV

**KEEP ME CLEAN!**

Too much pollution, loss of biodiversity, not enough clean fresh water, soil contamination, deforestation, global warming are just some of the Environmental issues we are facing today. We all can make some changes in our daily lives to live in a greener, more sustainable way. Let's spread the message to **GO GREEN**

1. On an **A4 SIZED pastel sheet** make a poster about '**Conserving Trees**' or '**Saving the Earth**' along with a catchy slogan. Bring it on the day of reopening day of the school.

"Sometimes the right path is not the easiest one." It is easy to be wasteful and careless, but if we want to keep a liveable environment for the future generations, we must conserve and preserve. We only have one planet so let's take care of it.

## Worksheet-V

### Read the passage carefully:

One day, a rich man took his son on a trip to the country. He wanted his son to see how poor people in the country live.

They stayed one day and one night in the home of a very humble farmer. At the end of the trip, they returned home. The next day, the father asked his son, 'What did you think of the trip?'

The boy replied, 'very nice, Dad.'

Then the father asked him, 'Did you notice how poor they were?'

The boy replied, 'Yes.'

The father continued asking, 'What did you learn?'

The boy replied, 'I learned that we have one dog in our house and they have four.

Also, we have a fountain in our garden, but they have a stream that has no end.

And we have imported lamps in our garden .....where they have the stars!

And garden goes to the edge of our property. But they have the entire horizon as their backyard!'
